

ENVIRONMENTAL POLICY

The Directors, managers and staff of **Blue Lagoon Group** recognize that our operations have an effect on the local, regional and countrywide environment. As a consequence of this, the management of each of our BLG Hotels are committed to continuous improvements in environmental performance and the prevention of pollution. Environmental regulations, laws and codes of practice will be regarded as setting the minimum standards of environmental performance.

Our Hotels are committed to a policy of responsible environmental management, leading to a sustainable use of resources and optimal management of waste.

Therefore, the **Blue Lagoon Resort / Blue Lagoon Village / Palazzo Del Mare / Blue Lagoon City / Blue Lagoon Princess / Blue Lagoon Palace / Blue Lagoon Ocean** undertake that they will:

- ❖ Ensure that all employees at all levels are aware of the potential environmental effects of their activities and the benefits of improved environmental performance, and will provide specific environmental training to this effect.
- ❖ Communicate this environmental policy and promote environmental awareness amongst all employees.
- ❖ Ensure that all employees are instructed on the potential environmental effects of their activities and the benefits of improved environmental performance.
- ❖ Display this policy statement in a prominent position within the Hotel.
- ❖ Make this policy statement available to all interested parties on request
- ❖ Comply with all applicable environmental legislation as a minimum standard
- ❖ Adopt a policy of "green procurement", taking environmental factors into account in all purchasing and supplier contracts
- ❖ Provide organic produce where available and never knowingly use genetically modified ingredients or products
- ❖ Take all measures, that are reasonably practicable to:
 - reduce waste stream & conserve natural resources, particularly through energy and water consumptions
 - value the natural and cultural heritage of our properties
 - reuse waste components, where it is safe and practicable to do so
 - recover / recycle those fractions of the waste stream, where an outlet is available
 - dispose of final wastes by the most environmentally suitable means
 - adopt a responsible energy management through reduced consumption and encouragement of energy efficiency throughout the business
 - encourage the use of public transport and provide facilities for the disabled, pedestrians and cyclists
 - aim for continuous improvement

This policy statement will be reviewed annually to ensure that it remains applicable to the activities of the Hotel.
